Natural Cork

User Guide & Maintenance Recommendations

To remove stains and dirt, lightly sand cork by using 200-grain sandpaper.

Recommended Maintenance Frequency

Once a week or more frequently according to use.

Coloured Cork

User Guide & Maintenance Recommendations

Clean the surface with slightly soapy warm water. Use a gentle cleaning agent, such as dishwashing liquid, to clean coloured cork. A paint thinner like Varsol can also be used.

Additional Details

Use a soft, clean cloth to clean the surface.

Recommended Maintenance Frequency

Once a week or more frequently according to use.

Fabric

User Guide & Maintenance Recommendations

Use a vacuum cleaning on fabric boards or brush them lightly to avoid an accumulation of dust and dirt. Use water-based cleaning products, foams or pure solvents without water to deep clean the fabric.

Recommended Maintenance Frequency

Once a week or more frequently according to use.
